

DEBUGGING YOUR WRITING: FIVE SUGGESTIONS

Is your written communication clear and concise? Has your CV managed to persuade the reader to invite you to an interview? Here's five suggestions for improving your writing:

1. Eat your own dogfood, tasty, tasty dogfood! 🐕
2. Listen to a machine reading it out (TTS) Text-to-Speech
3. Try Google's Tech Writing Courses
4. Embrace natural languages by writing more
5. Read The Friendly Manual(s): R.T.F.M.
